

EMERGENCY LIGHTS & EXIT SIGNS

EMERGENCY LIGHTS

JSE-80

JSE-90

Model #	Housing	Heads	Lamp Type	Lamp V DC	Lamp Wattage
JSE-80	Thermoplastic	Fixed Heads	T-5 Incandescent	6	2 x 5.4
JSE-90	Thermoplastic	Square Adjustable Heads	T-5 Incandescent	6	2 x 5.4

FEATURES:

- Suitable for use in almost any commercial or light industrial application.
- UL924. UL listed for damp locations. Life Safety NFPA 101.
- The housing is made of injection molded thermoplastic making it impact resistant and corrosion proof. UL94-5V rated.
- Dual voltage input 120/277 VAC, 60 Hz.
- Low voltage disconnect of the battery prevents deep discharge and maintains good battery life. Fully automatic, solid state charger. Test switch with LED charge indicator/AC voltage indicator.

EXIT SIGNS

Model #	Housing	Sign Reads	Lamp Type	Input Power 120 & 277V
JSE-111R	Thermoplastic Slim Design	EXIT	LED Red	3.0W

- Suitable for use in almost any commercial or light industrial application—Top or End Mount
- ETL Listed for damp locations.
- The housing is made of injection molded thermoplastic making it impact resistant and corrosion proof.
- Dual voltage input 120/277 VAC, 60 Hz.
- Low voltage disconnect of the battery prevents deep discharge and maintains good battery life. Fully automatic, solid state charger. Test switch with LED charge indicator/AC voltage indicator.
- **"SALIDA"** Face Plates also Available

EMERGENCY LIGHT & EXIT SIGN COMBINATION

JSE-111R-2H

JSE-111R-2HR

Model #	Housing	Sign Reads	Lamp Type (Exit Sign)	Lamp Type (Emergency Light)
JSE-111R-2H	Thermoplastic Double Square	EXIT	LED Red	2 x 5.4W Incandescent
JSE-111R-2HR	Thermoplastic Double Round Head Emergency Light	EXIT	LED Red	2 x 5.4W Incandescent

FEATURES:

- Single or Double Face
- Suitable for use in almost any commercial or light industrial application.
- UL924. UL listed for damp locations. Life Safety NFPA 101.
- The housing is made of injection molded thermoplastic making it impact resistant and corrosion proof.
- UL94-5V rated. Dual voltage input 120/277 VAC, 60 Hz.
- Low voltage disconnect of the battery prevents deep discharge and maintains good battery life. Fully automatic, solid state charger. Test switch with LED charge indicator/AC voltage indicator.
- “**SALIDA**” Face plates also available on special order only.

EDGE LIT EXIT SIGNS

JELS-800DR-MA

JELS-800SR-CA

Model #	Lamp Type	Sides	Background
JELS-800DR-MA	LED - Red “Exit”	Double Sided	Mirrored
JELS-800SR-CA	LED - Red “Exit”	Single Sided	Acrylic Clear

- ETL listed—Suitable for use in almost any commercial or light industrial application.
- Aluminum Housing— Easy snap fit canopy can be used for top or end mounting or knockouts can be used for surface mounting. Included second face allows the unit to be used as a single or double face exit sign. Snap fitting, replaceable chevrons for direction indication.
- Long life Light Emitting Diode (LED) lamps provide the maximum in energy savings / Dual voltage input 120/277 VAC, 60 Hz Battery
